2009/2010 School Year

I understand that my status as an athlete on the Happy Valley School team is dependent upon me maintaining reasonable grades and behavior. A "C" average is required in the classroom, and my behavior needs to be better than the non-athlete, because I represent the school whether on or off the field.

If I receive either an F, or lower than a 2.0 GPA this school year it will result in an academic contract. I will be ineligible to play and will get a weekly progress report to my coach. If I have not shown sufficient progress, I will be asked to turn in my uniform and I will no longer be a member of the team.
